OLIVER WENDELL HOLMES P.T.A. HONORS
Miss Elizabeth A. O'Neill

Some of us feel but never express our
thanks and appreciation for the many good
traits brought out and made to blossom in
our children through the skillful guidance
of our teachers. Not so Oliver Wendell
Holmes P.T.A.

On May 22, at a Special Teacher's Appre-
ciation Luncheon, it presented a "This Is
Your Life" to pay homage to a wonderful
teacher who is retiring after 40 years of
public school service,

Miss Elizabeth A. O'Neill.

Mrs. Blanche Rothgury, a teacher who
started teaching with her 27 years ago at
O.W.Holmes; Past principals she has served
faithfully paid their tribute by proxy
(through the O.W.H. staff); Mrs. Coleman, a
parent of two students (taught in different
semesters); Lee Saunders, a present student
of her first grade class; P.T.A. president
Mrs. Marie Rice spoke of her loyal service;
A wonderful letter from the complete teach-
ing staff (to be kept as a memento) pre-
sented by our principal, Miss Agnes McFadden
along with her own personal comments; all
these persons as well as a very close
friend, Mrs. Shipley from her outside life
were present to give her that special some-
thing that can never be expressed in mere
words, but will, we are sure be long remem-
bered by Miss O'Neill.

The PTA presented her with a pin making
her an honorary member for life, and to use
during her travels, a gay plaid thermos jug
that is always handy.

Luncheon on this day was a secondary hap-
pening, but it is an annual affair. The
parents have always taken this method of
showing the teachers, guards, principal,
doctor, nurses, clerks, custodians and all
that make up the working force of the
school the full extent of their apprecia-
tion for the wonderful and oftentimes tiring
job of taking care of their children away
from home.

This tribute to one of their own sent
many a teacher back to their classroom with
a lighter load to carry knowing that the
parents are back of them with full coopera-
tion.

Also present were representatives from
the "Y" and Glenville Library.

A special chair was decorated by Mrs. H.
Burnley for the guest of honor in pink and
green.

Information was gathered by Pres., Mrs. C.
Rice, V-Pres., Mrs. J. Turner and Safety
Chairman Mrs. N. Parries through Miss Agnes
McFadden, principal.

HIGHLIGHTS OF THE 13th ANNUAL MEETING

On Thursday evening, May 29 the Glenville Area Community Council's 13th Annual Meeting was held in the Glenville High School Auditorium. It was preceded by the official "cutting of the ribbon" at the Demonstration House at 855 Parkwood Drive. This home was given a face lifting job with a remodeled porch, new brick & stone steps, new roofing on the garage and parts of the house, two coats of paint, new screening, a fence, a garbage can rack, a new porch-lite and a new lawn. All of the materials and work were given by local merchants and craftsmen in cooperation with the Glenville Council and Union officials. The Glenville High School Band accompanied the Council President, Mr. W. Hamilton, Mr. Leo Jackson and a delegation of Council members to the Demonstration House and back to the High School auditorium where the Annual Meeting was held.

The Demonstration House served as a tangible example of home conservation and set the stage for the evening's program which emphasized the work of the Home & Neighborhood Committee under the leadership of Lee E. Jett, Sr., Mr. Clarence Gaines and the Porch-Light-Up campaign under Mr. Joe Hunt's direction.

From the Pres. report through the Merit Awards and the recognition of the organizations and participants in the clean-up, light-up campaign to the theme chosen by the guest speaker, Mr. Henry E. Price, emphasis throughout the evening was on the Council's neighborhood improvement aims and accomplishments. Eight Street Clubs received achievement awards: Castlewood Good Neighbor Club---Chatterfield Avenue Club---Fairport Street Club---Flora Avenue Street Club---North Parkwood Community Club---Phillips Avenue Progressive Club---East 109 Street Club---East 113 Street Civic Club.

At 7:00 p.m., the Glenville High School Band led a three car parade down Applewood to 105th, down Harrison to the Demonstration House at 855 Parkwood Drive. Congratulations to the Grantwood Avenue Improvement Club. Our office Secretary was among the visitors present at the Party for Adults held Friday, June 6, at Cory Methodist Church.

A beautiful sight to see was the meeting room filled with flowers and decorations denoting Spring. Also the theme of clean-up was carried out with a new garbage can, hoe, rake and shovel in bright colors, a wheel-barrow painted white holding pots of flowers, and green window boxes filled with an attractive group of flowers.

Mr. Augustus Parker made a fine Master of Ceremonies for the splendid program presented to the audience.

A beautiful table decked with roses, a silver coffee and tea set, and plenty of food prepared in an attractive manner was in the midst of this beautiful setting. The chairman, Mrs. Jessie Kirkland lead her charming committee in planning this outstanding affair. A dynamic leader, she and her co-workers are to be congratulated.

Those not attending Grantwoods Adult Night On June 6, missed an evening well spent in fellowship with one another. Our Council is very proud to be a part of an organization, whose outstanding theme of their street is beauty, and progressiveness.

THERE WILL BE NO BULLETIN FOR THE MONTHS OF JULY AND AUGUST.

DEADLINE FOR THE SEPTEMBER BULLETIN WILL BE SEPTEMBER 8, 1958.

FIELD WORKER'S DESK

Hats off to the progressive Glenville Community Council for doing a job that some said couldn't be done! In three days--May 23, 26, 27 the Home & Neighborhood Conservation Committee did a job that no other community has been able to do in three years, six years not 12 years. The complete exterior improvements at 855 Parkwood stands as symbol to the residents of Glenville and the city of what can be done by citizens to conserve an area.

A special thanks should go to the Worshipful family for willingly consenting to allow their home to be used. All during this project the family's privacy has been evaded. Just remember it is not easy to live in a glass house. It should also be said that the parents, children and relatives all rolled up their sleeves and did a superb job of helping to get the house ready for the workmen. It is also encouraging that the family is making any major improvements on the inside under their own steam.

WILLOW-LINN CLUB on May 19th, celebrated their uniting with the Glenville Council, at the home of Mrs. Oliver Crossgrove. Photographs were taken and placed in the Call & Post to help publicize our efforts. Pamphlets have been distributed to all

A city-sponsored Glenville rehabilitation project--without federal cash subsidies--will be announced next Wednesday to Glenville Area civic leaders.

An immediate start on rehabilitation of the older homes in the area from East Blvd. to Forest Hills Park extension, from Bratenahl south to Superior Ave., has been authorized by Mayor Celebrezze.

It will mean, said Henry Price, the city's recently-hired renewal expert, "A concentration of building department enforcement people in his area where decay can be stopped before it gets the upper hand".

Also scheduled is establishment of an information center in the area, where residents will be able to get information from city aides and bank representatives.

Unlike a similar project planned for the Hough area, there will be no wait for federal approval, said Price.

But, he added, special Federal Housing Administration "section 220 mortgages" will be sought by the city for the area's residents.

Those mortgages are available for homes in areas which do not normally meet FHA minimum standards.

Price said "the splendid work of the Glenville Area Council was a major factor in our decision to start this project. The neighborhood is ready and willing to help itself".

Area Council leaders will hear details at Wednesday's City Hall Meeting with Price.

You will recall that at our Annual Meeting our principle speaker, Mr. Henry Price, announced that as a result of the Council's initiative in setting up the community demonstration house on Conservation the Mayor James Lister (Housing Director) and Henry Price decided Glenville area be used as a pilot project setting up city's first Conservation Rehabilitation Experimental Project. Much will depend on Glenville residents willingness to do their share in making this pilot demonstration project a success.

June 10th was a red letter day for O.W.H. 6A's, for it was their graduation.

There were 96 students to leave and go into the various Jr. High Schools.

This was the largest group of children ever to leave Oliver Wendell Holmes.

DID YOU ENJOY FOREST CITY HOSPITAL'S OPEN HOUSE ? ? ?

On Sunday, June 8, 6:30 p.m., the very popular "VIEWPOINT" television (KYW) program featured a film strip of the ribbon cutting ceremony of our Glenville Demonstration House at 855 Parkwood Drive.

The Council office received many calls of congratulations on the following comments made by KYW's narrator, Bud Wendell.

VIEWPOINT PROGRAM... SCRIPT

Parkwood Drive Demo Home Scenes

The staff of Viewpoint would like to tip its collective hat to the members of the Glenville Area Council for their continuing war against dirt and slums in Cleveland. Four weeks ago Viewpoint began its own campaign against litter and decay in our town. Just a few days ago the folks out in the Glenville Area proved that it can be done. Their demonstration home was completely remodeled and painted. This was the first time in the country that an area Council has taken on such a job...and there is no question it is a job well done. This same group is constantly on the alert regarding litter, rubbish, painting-up, fixing-up! They even seal porch lights in their light-up effort! More and more I find folks taking an interest in their neighborhoods...Cleveland is beginning to come to life!

The Council office would like to express a hearty word of thanks to the Annual Meeting Publicity Chairman, Mrs. Madeline Cargill, for her superb public relations job in promoting the Demonstration House in all the daily and weekly papers as well as on Channel 3 KYW-TV. Our field worker, Albert Mitchell is currently working on the possibility of getting coverage of this project in three national magazines.

For those who did not see the Bud Wendell film strip on the Demo House, it will be available through the Street Club Promotion Committee to all club groups.
